Report on Business

- 1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.**

International Arbitration

In January, 2011, the Issuer initiated an International Arbitration action against the Government of Mongolia and its state-owned uranium company, MonAtom LLC for the expropriatory and unlawful treatment of the Company in relation to the Dornod Uranium Project. A Tribunal to hear the matter was constituted in mid 2011 and a schedule was determined to hear and assess the matter.

The Tribunal's latest hearing was held on May 14, 2012 to hear various jurisdictional objections made by the Government of Mongolia (asserting, for example, that the Tribunal does not have jurisdiction over certain of the claims and parties included in the arbitration). The Tribunal's decision on the May, 2012 hearing was rendered on July 25, 2012. The decision was entirely in Khan's favour and Mongolia's objections were entirely dismissed.

Efforts since that time have been focused on a submission to the Tribunal concerning the quantum and damages phase. The submission was filed on December 7, 2012 and included documentations by counsel, expert witnesses and company witnesses. Raymond James and the Berkeley Research Group submitted valuation reports that supported an increase in damages from the initial estimate of US\$200 million to US\$255 million plus US\$71 million of pre-judgment interest.

Activity levels for International Arbitration for the next three months will be reduced awaiting a Statement of Defense and Counterclaim by the respondents due April 5, 2013.

Atomredmetzoloto JSC (“ARMZ”) Litigation

In August, 2010, the Issuer filed a statement of claim against Atomredmetzoloto JSC (“ARMZ”), a uranium company owned by the Government of Russia, with the Ontario Superior Court of Justice which seeks damages from ARMZ for the total amount of CDN\$300 million for ARMZ’s breach of fiduciary duties as one of the Company’s joint venture partners and as a shareholder of one of the Company’s subsidiaries, for general damages resulting from ARMZ’s unlawful interference with the Issuer’s economic relations and actions causing damage to the Issuer’s rights, business reputation and property and for aggravated, exemplary and punitive damages.

The Russian Department of Justice subsequently refused to serve ARMZ with the Company’s statement of Claim.

After a series of hearings and appeals from both sides, the Ontario Superior Court decided on March 9, 2012 to dismiss the Issuer’s motion to validate, substitute or dispense with service.

On April 20, 2012, the Company filed an appeal of the last ruling with the Court of Appeal for Ontario. The Appeal was heard on September 11, 2012. At the end of December, the appeal decision remained pending.
