RESAAS' AGM NOTICE AND POSTAL STRIKE

VANCOUVER, B.C. – RESAAS Services Inc. ("RESAAS") announces that as a result of the recent postal strike, electronic versions of the Notice of Meeting, Information Circular and Proxy related materials in relation to the upcoming annual general meeting on July 22, 2011 may be viewed today on RESAAS' profile found with the Canadian National Stock Exchange ("CNSX") (www.cnsx.ca), and tomorrow, June 28, 2011, on RESAAS' profile found on SEDAR (www.sedar.com) and will be immediately mailed to shareholders upon the resumption of regular postal services in Canada. Online voting is available at www.olympiustrust.com and eligible shareholders may cast their vote in accordance with the instructions as provided in the form of Proxy and VIF available on SEDAR.

Also, available for immediate viewing with the CNSX and on SEDAR are electronic versions of the annual audited financial statements and management's discussion and analysis for the year ended December 31, 2010. Paper copies will be provided upon the completion and return of the Request Form included in the Proxy materials to Olympia Trust Company, by regular mail or fax to (604) 484-8638.

About Resaas Services Inc.

Resaas is a technology company engaged in the design, development and commercialization of an enterprise platform of technologies to service the real estate industry, including realtors and property hunters. The technology platform will be aimed at creating a selling community of realtors, each with their own personalized profile page allowing the realtor to create and update property listings real-time, and access the property listings of other realtors in the realtor's selling community. Realtors will also be provided with back-office capabilities including a document management system, contact list database, and the ability to manage property listings. These features will be accessible to realtors remotely from a mobile handheld device such as a smart phone. To service property hunters, Resaas' technology platform will include a property search engine accessible online.
