RESAAS Welcomes 3 Tier Real Estate to the Real Estate Social Network

VANCOUVER, BC. (May 23rd, 2013) – RESAAS Services Inc. (CNSX: RSS), a social network for real estate professionals, is pleased to welcome its first Michigan-based real estate brokerage, 3 Tier Real Estate, to the RESAAS platform.

3 Tier Real Estate is located in Sterling Heights, Michigan and features a dedicated staff of professional realtors. Their team specializes in helping buyers and sellers and primarily deals with foreclosures, short sales, loan modifications and HUD homes.

“3 Tier Real Estate works with some of the largest banks selling their foreclosures in the Michigan area,” said Tracie Peltier, Associate Broker at 3 Tier Real Estate. “We love how the RESAAS platform will be branded as the 3 Tier Real Estate Social Network and how it will provide our team with a great opportunity to expose their listings on a forward-thinking social network.”

When using RESAAS, each 3 Tier Real Estate agent will receive his or her own corporate branded agent page. In addition, the firm will have a 3 Tier Real Estate page in order to broadcast information and remain in constant contact with the members of 3 Tier Real Estate.

“As Michigan real estate moves towards a seller’s market, Tracie Peltier understands that the RESAAS platform will give the 3 Tier Real Estate team the ability to procure more business through social networking, while giving their properties great exposure to the market,” said Padraig Cullen, VP of Sales at RESAAS.

About RESAAS SERVICES INC.

RESAAS is the real estate social network designed specifically for the real estate professional to connect and communicate in real-time. Known as real estate broadcasts, RESAAS’ powerful rebcasts® engine automatically generates all of your real estate workflow into invaluable social content that is instantly pushed out to the RESAAS platform and other social networks.
