West Isle Energy Inc. Announces Oil Well Completion

Calgary, Alberta February 8, 2010

West Isle Energy Inc. ("West Isle") (CNSX: WEI) announces that it has participated in the drilling, completion and equipping of an oil well in the Evi area of northern Alberta. The well is expected to go on stream in mid February of 2010. This is the fifth oil well for West Isle Energy Inc et al in the Evi area. Previous Evi wells produce from either the Granite Wash or the Slave Point formations. A sixth location has been proposed for immediate drilling. West Isle has a 3.1% working interest in this prospect.

West Isle is an Alberta based company engaged in the exploration of oil and gas in western Canada and operates producing properties in Conrad, Drayton Valley; Provost and Sylvan Lake areas of Alberta. West Isle has non-operated working interests in Alberta producing oil and gas wells in Evi; Enchant; Crystal/Pembina, and interests in oil wells in Manitou, Saskatchewan. West Isle also has royalty income from producing oil wells and CBM wells in both Alberta and Saskatchewan and interests in a crown lease in the Fort Saint John Inga South area of British Columbia which lies within the emerging Montney shale gas trend.

West Isle has 4,124,529 common shares issued and outstanding and trades on the CNSX Exchange under the symbol **WEI**.
