1 General information

Advantex Marketing International Inc. and its subsidiaries (together the company or Advantex) is a public company with common shares listed on the Canadian Securities Exchange (trading symbol ADX). Advantex operates in the marketing services industry. The company develops and manages loyalty programs for financial institutions and other major organizations through which their customers earn frequent flyer miles or points on purchases at participating merchants. Under the umbrella of each program, Advantex provides merchants with marketing and customer incentives. At its sole discretion the company pre-purchases merchants' future sales through its Advance Purchase Marketing (APM) product. Advantex is incorporated and domiciled in Canada, and the address of its registered office is Suite 606, 600 Alden Road, Markham, Ontario, L3R 0E7.

2 a. Economic and Financial Dependence

Economic Dependence

The company's revenues and gross profit are dependent on a merchant based loyalty program ("CIBC/TD program") the company operates in partnership with Canadian Imperial Bank of Commerce ("CIBC") and Toronto Dominion Bank ("TD"). Just over 60% of CIBC/TD program revenues are dependent on the company's relationship with CIBC.

| | <u>Fiscal year ended June 30, 2016</u> | | <u>Fiscal year ended June 30, 2015</u> | |

| | \$ | % of company Total | \$ | % of company Total |
| CIBC/TD program revenues | \$ 9,600,935 | 85.2% | \$ 10,916,883 | 82.1% |
| CIBC/TD program gross profit | \$ 6,884,188 | 90.8% | \$ 7,116,422 | 87.5% |

Status of agreements with CIBC and TD

The company has a two decade relationship with CIBC. The most recent renewal of partnership was in September 2013 for an initial three year term expiring September 30, 2016 ("new agreement"). On April 14, 2016 the company announced the extension of the new agreement until December 31, 2016 and on September 20, 2016 an extension of the new agreement until September 30, 2017. In addition to CIBC's right to terminate the new agreement at any time by providing at least six months prior written notice to the company, the new agreement can be terminated by CIBC forthwith under certain circumstances.

The company renewed its agreement with TD for one year ending in June 2017. The agreement had an initial term of two years and was due to expire in June 2016. In addition to TD's right to terminate the agreement at any time by providing at least four months prior written notice to the company, the agreement can be terminated by TD immediately under certain circumstances.

Status of agreement with Aimia Canada Inc. ("Aimia")

The Aeroplan program which is dependent on the company's agreement with Aimia generated 14.1% and 8.8% respectively of company's revenues and gross profit during year ended June 30, 2016 (2015 – 17.4%

and 11.8% respectively). In November 2014 the company renewed its agreement (“agreement”) with Aimia for a five year term ending April 30, 2019. The agreement can be terminated by Aimia under certain conditions during the term of the agreement. The company and Aimia are finalizing the restructuring of the commercial terms of the agreement.

The company’s segment reporting is provided in note 15.

Financial Dependence

The company is funded by debt. The sources of debt are loan payable and non-convertible debentures.

Loan payable

The company has access to a line of credit facility under its loan payable (note 7). The loan payable agreement (“agreement”) was established in 2007. The loan payable is used exclusively to expand the company’s APM product (“transaction credits” on consolidated statements of financial position) which is a significant driver of merchant participation in the CIBC/TD program. The agreement is subject to automatic renewal for periods of one year unless earlier terminated by either party upon 180 days’ notice prior to end of term. The current term of the loan payable expires in December 2017. The loan payable is repayable on demand.

Non-convertible debentures

The 12% non-convertible debentures payable (“new 12% debentures”) were issued by the company on December 30, 2013 (note 8) with an initial maturity date of September 30, 2016. The proceeds of the new 12% debentures are used for working capital purposes. On June 30, 2015, the debenture holders amended and re-set all financial covenants effective quarter ended June 30, 2015 until quarter ending June 30, 2016. At March 31, 2016 the company was in breach of all its financial covenants. The company secured a waiver to the breach of all its financial covenants at March 31, 2016 and was charged a fee of \$103,180 by the debenture holders.

At June 30, 2016 the company was in breach of all its financial covenants. Recognizing that the company does not have the ability to repay the debentures on maturity the company commenced discussions with the debenture holders. In September 2016 the company secured a waiver to the breach of all its financial covenants at June 30, 2016 and extension of the maturity date to December 31, 2016. The company was in breach of all its financial covenants at September 30, 2016. In December 2016 the company secured an extension of the maturity date to March 31, 2017 but not a waiver to the breach of financial covenants at September 30, 2016. The company was in breach of all its financial covenants at December 31, 2016.

If the company breaches a financial covenant or is unable to pay either interest or its debts as they came due, it would be in default under the new 12% debentures agreement and, as a result, the new 12% debentures holders would have the right to waive the event of default, demand immediate payment of the new 12% debentures in full or modify the terms and conditions of the new 12% debentures including key terms such as repayment terms, interest rates and security. If the company is unable to secure alternative financing to pay interest or repay the new 12% debentures, the new 12% debentures holders would have the right to realize upon a part or all of the security held by them.

The company has a decade old relationship with the primary holder (about 60%) of the new 12% debentures – a Toronto based firm investing on behalf of its managed accounts. The primary holder of the new 12% debentures is also the primary shareholder of the company as it beneficially owns or exercises control or direction through about 15% of the company’s common shares (as of February 6, 2017) held on behalf of its managed accounts. The primary holder of the new 12% debentures in its capacity as exclusive financial advisor is assisting the company in its efforts to refinance the new 12% debentures.

Related parties holdings at December 31, 2016 of the new 12% debentures were about \$1.2 million (about 24% of the new 12% debentures).

2 b. Going concern

These consolidated financial statements have been prepared in accordance with accounting principles applicable to a going concern which contemplates that the company will be able to realize its assets and settle its liabilities in the normal course as they come due during the normal course of operations for the foreseeable future. When a company is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the entity's ability to continue as a going concern, the entity is required to disclose those uncertainties. The company has a shareholders' deficiency of \$5,760,120 and negative working capital of \$5,880,146 as at December 31, 2016. There is uncertainty surrounding:

1. The re-financing of the new 12% debentures maturing March 31, 2017; and
2. The access to additional working capital in the form of debt and or equity to meet operational needs including payments to its partners CIBC, TD and Aimia, payment of new 12% debentures interest for period January 1, 2017 to maturity and to support the growth of the company.

As a result, this may cast significant doubt on the validity of going concern assumption and the company's ability to continue as a going concern after December 31, 2016 and hence the ultimate use of accounting principles applicable to a going concern.

The company's future success is dependent on retaining its existing relationships with CIBC, TD, and Aimia; continued access to its existing levels of debt capital; additional capital in the form of debt or equity; ensuring profitability; and generating positive cash flows from operations. The company's business plan includes renewal of its agreements with CIBC, TD; and Aimia; refinancing of its current loans; the receipt of waivers or agreement amendments where breaches occur; and raise of additional capital. While in the past the company has been successful in renewal of its agreement with CIBC; TD; Aimia, refinancing its debentures and loan payable, obtaining waivers or agreement amendments, there can be no assurance these initiatives will continue to be successful. In addition, there can be no assurance the company will be successful in securing additional capital which is required to meet operational needs including payments to its partners CIBC, TD and Aimia, payment of new 12% debentures interest for period January 1, 2017 to maturity and to support the growth of the company.

These consolidated financial statements do not include any adjustments or disclosures that may result from the company's ability to continue as a going concern. If the going concern assumption were not appropriate for these consolidated financial statements, adjustments may be necessary in the carrying values of assets and liabilities and the reported expenses and balance sheet classifications; and such adjustments could be material.

3 Basis of preparation

These interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting.

These interim consolidated financial statements do not include all the information and notes required by IFRS for annual financial statements and therefore, should be read in conjunction with the audited consolidated financial statements and notes for the company's year ended June 30, 2016, which are available on SEDAR at www.sedar.com.

These interim consolidated financial statements and related notes have been reviewed by the company's audit committee and approved by the company's board of directors on February 27, 2017.

Accounting standards issued but not yet applied

The IASB has issued the following applicable standards which have not yet been adopted by the company. The company has not yet begun the process of assessing the impact that the new and amended standards will have on its consolidated financial statements or whether to early adopt any of the new requirements.

The following is a description of the new standards:

IFRS 9 - Financial Instruments

In July 2014, the IASB completed IFRS 9 Financial Instruments as the first step in its project to replace IAS 39 Financial Instruments: Recognition and Measurement. *IFRS 9 amends the requirements for classification and measurement of financial assets, impairment, and hedge accounting. IFRS 9 introduces an expected loss model of impairment and retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortized cost, fair value through profit or loss, and fair value through other comprehensive income. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset.* IFRS 9 is effective for annual periods beginning on or after January 1, 2018.

IFRS 15 Revenue from Contracts with Customers

In May 2014, IASB issued IFRS 15, Revenue from Contracts with Customers, which supersedes IAS 11, Construction Contracts, IAS 18, Revenue, IFRIC 13, Customer Loyalty Programmes, IFRIC 15, Agreements for the Construction of Real Estate, IFRIC 18, Transfers of Assets from Customers, and SIC-31, Revenue – Barter Transactions Involving Advertising Services. *IFRS 15 is based on the core principle to recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 focuses on the transfer of control.* IFRS 15 will be effective for the company's fiscal year beginning on July 1, 2018 with earlier adoption permitted.

IFRS 16, Leases

In January 2016, IASB issued IFRS 16, Leases which replaces IAS 17, Leases, IFRIC 4, Determining whether an Agreement contains a Lease, SIC-15, Operating Leases – Incentives, and SIC-27, Evaluating the Substance of Transactions Involving the Legal Form of a Lease. IFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract, i.e. the customer ('lessee') and the supplier ('lessor'). IFRS 16 will be effective for annual periods beginning on or after January 1, 2019 with earlier adoption permitted provided the new revenue standard, IFRS 15 Revenue from Contracts with customers, has been applied, or is applied at the same date as IFRS 16.

4 Summary of significant accounting policies

The accounting policies adopted are consistent with those of the previous financial year.

5 Transaction credits

Under its APM product the company acquires the rights to cash flow from future designated credit card transactions at a discount from participating merchants ("transaction credits"). These transaction credits

are generally estimated to be fully extinguishable within 30 – 210 days. The company, in the normal course of business, is exposed to credit risk on the transaction credits.

The transaction credits are net of applicable allowance for impaired accounts, which is established based on the specific credit risk associated with the customer and other relevant information.

The transaction credits and the allowance is as follows:

| | At December 31, 2016 | At June 30, 2016 |
|--|-------------------------|---------------------|
| | \$ | \$ |
| Transaction credits | \$ 6,660,216 | \$ 7,994,349 |
| Allowance | <u>(961,797)</u> | <u>(642,087)</u> |
| Per statement of financial position | \$ 5,698,419 | \$ 7,352,262 |

The transaction credits that are considered impaired and the related allowance is as follows:

| | At December 31, 2016 | At June 30, 2016 |
|---|-------------------------|---------------------|
| | \$ | \$ |
| Impaired transaction credits | \$ 1,090,958 | \$ 833,379 |
| Allowance | <u>(961,797)</u> | <u>(642,087)</u> |
| Impaired transaction credits not allowed for | \$ 129,161 | \$ 191,292 |

Movement on allowance for impaired transaction credits

| Balance carried forward at end of period | \$ 961,797 | \$ 383,559 |

6 Inventory

Inventory comprises

| | At December 31, 2016 | At June 30, 2016 |
|----------------------|-------------------------|---------------------|
| | \$ | \$ |
| | | |
| Processing terminals | 39,475 | 39,914 |
| Total | \$ 39,475 | \$ 39,914 |

Inventory is stated at the lower of cost and net realizable value.

The processing units are issued to merchants participating in the company's Aeroplan and Caesars programs. These units facilitate issuance of bonus rewards to members of Aeroplan and Caesars Total Rewards programs on their completing qualifying purchases at participating merchants. The company relieves inventory and recognizes the expense upon the issuance of terminal to the merchant.

7 Loan payable

| | At December 31, 2016 | At June 30, 2016 |
|-----------------------------------|-------------------------|---------------------|
| | \$ | \$ |
| | | |
| Balance at start of period | \$ 5,533,267 | \$ 5,711,525 |
| Decrease in borrowing | (1,443,215) | (178,258) |
| Balance at end of period | \$ 4,090,052 | \$ 5,533,267 |

This line of credit facility ("facility") is provided by Accord Financial Inc. ("Accord"), and was established in December, 2007. The facility limit is \$8.5 million. The interest rate on the facility is equivalent to prime rate of a certain Canadian bank plus 11.5% per annum.

The facility is used by the company exclusively to acquire transaction credits, under its APM product, from establishments that are in business segments available to the company under its agreements with CIBC, TD and Aimia.

In certain circumstances the loan payable amount is repayable on demand to Accord.

The interest cost during the period ended December 31, 2016 was \$362,385 (2015 \$468,252).

8 12% Non-convertible debentures payable

On December 30, 2013, the company completed a refinancing by way of a private placement of 12% non-convertible debentures ("new 12% debentures") in the principal amount of \$5,159,000.

The new 12% debentures were issued as units. Each unit comprised (i) \$1,000 face value secured non-convertible debentures of the company bearing interest at 12% per annum, payable semi-annually, and with an initial maturity date of September 30, 2016, and (ii) 8,150 common shares in the capital of the company. The company issued 5,159 units and 42,045,850 common shares.

Under the agreement, the proceeds of the new 12% debentures are to be used for working capital purposes.

The new 12% debentures are secured by a general security interest over the assets of the company and its subsidiaries. The significant financial covenants of the new 12% debentures require the company to meet (i) commencing the quarter ended December 31, 2013, on a quarterly basis a defined level of designated current assets, and interest coverage, and (ii) commencing January 31, 2014, on a monthly basis a defined level of credit card spend, on which the company earns its revenue, at merchants participating in its loyalty programs (as part of the re-set of the financial covenants, described later in this section, this financial covenant was cancelled effective April 2015).

In June 2014, the debenture holders agreed to a) re-set the financial covenants and b) defer the semi-annual interest due June 15, 2014 and this was now payable in two equal instalments due October 15, 2014 and November 15, 2014. The company agreed to pay a fee of \$65,000 to the debenture holders for the above changes to the new 12% debentures. The fee and the deferred interest were paid on the due dates. The company met the revised financial covenants as at June 30, 2014, September 30, 2014 and December 31, 2014. At March 31, 2015 the company was in breach of all its financial covenants and the company secured a waiver of the breach at March 31, 2015. The debenture holders amended and re-set all financial covenants effective quarter ended June 30, 2015 until quarter ending June 30, 2016. The company met the amended financial covenants at June 30, 2015, September 30, 2015 and December 31, 2015. At March 31, 2016 the company was in breach of all its financial covenants. The company secured a waiver to the breach of all its financial covenants at March 31, 2016 and was charged a fee of \$103,180 by the debenture holders. As at June 30, 2016 the company was in breach of all its financial covenants. In September 2016 the company secured a waiver to the breach of all its financial covenants at June 30, 2016. In addition, the company and the debenture holders agreed to extend the maturity of the new 12% debentures to December 31, 2016 from September 30, 2016, and at the same time financial covenants at September 30, 2016 were established. The company was in breach of all its financial covenants at September 30, 2016. In December 2016 the company secured an extension of the maturity date to March 31, 2017 but not a waiver to the breach of financial covenants at September 30, 2016. The company was in breach of all its financial covenants at December 31, 2016.

The new 12% debentures are secured by a general security interest over the assets of the company and its subsidiaries. If the company were to breach a financial covenant or were unable to pay its debts as they came due, it would be in default under the new 12% debentures agreement and, as a result, the new 12% debentures holders would have the right to waive the event of default, demand immediate payment of the new 12% debentures in full or modify the terms and conditions of the new 12% debentures including key terms such as repayment terms, interest rates and security. If the company is unable to secure alternative financing to repay the new 12% debentures, the new 12% debentures holders would have the right to realize upon a part or all of the security held by them.
