LEADING CRYPTOCURRENCY AND ICO EXPERT TO JOIN GLOBAL CANNABIS ADVISORY BOARD

Vancouver, British Columbia, Canada, November 21, 2017 - Global Cannabis Applications Corp. ("**GCAC**" or the "**Company**") (CSE:APP, FSE:2FA, OTCQB:FUAPF), a leading developer of innovative data technologies for the cannabis industry, is pleased to announce that Mr. Antanas Guoga has joined its Advisory Board effective immediately.

Guoga, or better known as "Tony G", is a poker player, entrepreneur, politician and an expert in cryptocurrencies and Blockchain. He is currently Lithuania's member of the European Parliament and a special advisor to companies like Bankera, an operational axis of SpectroCoin, a cryptocurrency exchange that provides payment processing and other financial services, and the recently-announced online cryptocurrency poker room CoinPoker.

"As we prepare to launch our own Citizen Green Tokens as the basis of a medical cannabis loyalty program, we are honoured to have Mr. Antanas with his knowledge and expertise of ICOs and cryptocurrencies join our Advisory Board," said Brad Moore, CEO of GCAC. "Global Cannabis is launching the world's first end-to-end data aggregation and user delivery system for the medical cannabis industry, and digital tokens and blockchain will play an important role. I look forward to working closely with "Tony G" to build a loyalty program which will encourage users to share their data with the Citizen Green mobile applications."

Guoga was born in Lithuania, grew up in Melbourne and studied accounting and finance at college in Australia. He has worked as an investment banker in Hong Kong and has invested and advised in several successful businesses including a news portal, a life insurance company in Australia, and a trading business in London. In Lithuania, he has invested in real estate and internet projects such as an international betting company, an online sports and leisure store.

About Global Cannabis Applications Corp.

Global Cannabis Applications Corp. is a global leader in designing, developing, marketing, and acquiring innovative data technologies for the cannabis industry. The Citizen Green platform is the world's first end-to-end – from patient to regulator – medical cannabis data solution. It uses six core technologies: mobile applications, artificial intelligence, reg tech, smart databases, blockchain and digital reward tokens, to qualify candidates for clinical studies. These technologies facilitate the proliferation of digital conversations by like-minded people in medical cannabis. Managed by digital and cannabis industry experts, GCAC is focused on viral global expansion by providing the best digital experience in the cannabis market.
