GCAC signs LOI with California Partner for use of the Citizen Green Patient-Care Solution for Medical Cannabis

Vancouver, British Columbia, Canada, October 8, 2018 – Global Cannabis Applications Corp. (“GCAC” or the “Company”) (CSE: APP, FSE: 2FA, OTCQB: FUAPF), a leading developer of innovative data technologies for the medical cannabis industry, is pleased to announce it has signed a letter of intent (the “LOI”) with Cannact LLC (“Cannact”), a seasoned distributor of cannabis technology and products in California, to enter into a license agreement to integrate the Citizen Green patient-care solution onto Cannact’s platform with potential integration for related cannabis retailer partners.

“We are very impressed with the Citizen Green Community platform, its technology solution and crypto based loyalty program offered through a partnership with GCAC,” said Yoni Alter, co-founder and Chief Operations Officer at Cannact LLC. “Our goal is to ensure our customers are receiving the very best in customer care and that their experience with cannabis has a positive impact on physical and mental health. Having a resource like the Citizen Green Prescriptii patient-care solution for us and our customers will enable an improved and more complete medical cannabis treatment.”

“Cannact is the first of many licensed producers and dispensaries who will seek Citizen Green’s innovated solutions to improve health, safety and patient outcomes in the cannabis industry. Our Onward Program is a cutting-edge, one-of-a-kind loyalty reward program using the Citizen Green Coin cryptocurrency as an incentive tool to acquire new customers and retain existing ones. I look forward to working with the Cannact team as we integrate our innovative solution for the medical cannabis industry.” said Brad Moore, CEO of GCAC.

The Cannact team have established relationships with over 50 (fifty) retail partners and dispensaries. The Citizen Green Prescriptii solution will be integrated onto the Cannact platform and then offered to its large retail, distribution and medical partner network. This will provide the basis for the GCAC and Cannact to collaborate and collect clinical and user cannabis data with the goal of validating treatment efficacy and improving patient outcomes globally.

Citizen Green’s Prescriptii solution is an innovative patient care application that builds and enhances the relationship of trust that already exists between medical cannabis sellers and their patients. The use of smart technology to drive better health outcomes enables licensed producers, retail owners, dispensaries and pharmacies to focus on their business’s success. The Prescriptii desktop application offers the best possible medical cannabis product for a specific ailment for clients, which are tracked and recorded to include usage experiences. This information is aggregated and then made available to the retailer enabling them to better understand their clients and provide superior guidance on next steps.

GCAC has launched its innovative Citizen Green patient-care solution to the global cannabis marketplace, starting with California which is experiencing explosive growth.
