- The Company has recorded net earnings in 2015 Q1 - an improvement comparing to other quarters which show quarterly losses. This improvement is a result of recording a non-recurring gain of CHF 212,565 from debt settlement at discount.

As the Company has entered into a new agreement in April 2016 in order to earn an interest in newly developed online gaming platforms (see discussion in the section "New Business"), the Company may incur additional capital expenditures in the next twelve months.

Nine months ended July 31, 2016 ("2016 Nine Months")

Net loss of the 2016 Nine Months was CHF 182,420 comparing to an income of CHF 138,778 in the same nine-month period in 2015, a negative change of CHF 321,198. The net loss was mainly a combined result of CHF Nil other revenue (2015 Nine Months – CHF 5,100), a gain on debt settlement of CHF Nil (2015 Nine Months – CHF 212,565), and a loss from having operating expenses of CHF 177,651 (2015 Nine Months – CHF 108,145).

The Company settled various outstanding loan plus unpaid interest and some accounts payable at discount during 2015 Nine Months. A gain on the settlement of CHF 212,565 was recognized. There was no similar transaction in the 2016 Nine Months.

Commencing the third quarter of 2016, the Company commenced more communication with its potential investors regarding its new business. As such, advertisement and promotion increased. Salaries and consultant fees decreased as the Company closed its Swiss subsidiary in 2015. Share based compensation increased as there was no option vesting in 2015 Nine Months.

As at July 31, 2016, the Company had CHF 8,673 cash (October 31, 2015 – CHF 887), CHF 28,348 accounts payable and accrued liabilities (October 31, 2015 – CHF 89,168), CHF 109,979 loans payable to related parties (October 31, 2015 – CHF 79,893), and share capital of CHF 2,394,577 (October 31, 2015 – CHF 2,180,060).

The increase of cash is the combined result of receipt of CHF 203,423 from shares issuance (private placement and option exercise), and the receipt of net proceeds of CHF 30,086 from increase of related party loan, that was partially offset by the use of CHF 225,7264 in operating activities during the 2016 Nine Months.
