FUNDAMENTAL APPLICATIONS CORP. ANNOUNCES INITIATION OF OTCQB LISTING PROCESS

Vancouver, British Columbia, Canada, June 25, 2015 - **Fundamental Applications Corp.** ("**Fundamental**") (CSE:FUN), a leading developer of innovative, millennial-targeted smartphone applications is pleased to announce that it has commenced the process to obtain a listing on the OTCQB Marketplace, a US trading platform aimed at the venture market for entrepreneurial and development stage companies, The Company anticipates having completed all requirements and to be listed by the end of summer 2015.

"This additional listing is the result of numerous meetings and consideration by management and the board of directors. The main intention is to broaden our audience of prospective investors in the United States through a convenient and transparent forum, and to increase our liquidity for current and future investors. With the recent acquisition of Foro Technologies, a product built and designed for a global student marketplace, we feel that Fundamental should try to reach as broad a market as possible" stated Richard Whitehead, company CEO.

Fundamental will continue to trade on the CSE under its existing symbol FUN.

About Fundamental

Fundamental Applications Corp. (CSE:FUN) designs, develops, markets, and acquires innovative mobile applications targeted at the "Millennials" generation; people born in an age of digital technology, internet access, and smart phones. This demographic is an early adopter of mobile technology, has significant discretionary income, and is lifestyle driven with a willingness to try new things. Their three leading mobile platforms are Foro: a peer-to-peer mobile ecommerce marketplace, Truth: a one-to-one anonymous messaging app previously listed in the top 100 social networking apps in the Apple App Store, and Serum™: an app that enables users to post questions to their friends and receive answers anonymously.
