Brigade Signs Agreement to Acquire Green 2 Blue Energy Corp.

Vancouver, British Columbia – January 16, 2017: Brigade Resource Corp. ("Brigade" or the "Company") is pleased to announce that it has signed a share exchange agreement (the "Agreement") with Green 2 Blue Energy Corp. ("G2BE") and the shareholders of G2BE (the "Selling Shareholders"), whereby Brigade will acquire all of the issued and outstanding shares of G2BE in exchange for common shares (the "Payment Shares") of Brigade (the "Transaction"). Upon the closing of the Transaction, G2BE will be a wholly-owned subsidiary of Brigade and the Selling Shareholders will control a majority of the issued and outstanding voting securities of Brigade.

About G2BE

G2BE is a private British Columbia corporation, which is at arm's length to Brigade. G2BE is a renewable energy company focused on residential and commercial wood pellet production and the implementation of biomass gasification technology to produce combined heat and power. Currently, it has a wood pellet production facility and operations in Rzeczenica, Poland. G2BE's wood pellets are sold to biomass energy producers throughout Europe, including the UK, Germany, Poland, Italy and Denmark.

Proposed Transaction and CSE Listing

Brigade proposes to acquire all of the issued and outstanding shares of G2BE in exchange for issuing 47,000,002 Payment Shares pro rata to the Selling Shareholders at a deemed price of \$0.10 per Payment Share. As a result, the Selling Shareholders will hold approximately 77% to 80% of the common shares of Brigade on closing, assuming completion of the Private Placement referred to below. All of the Payment Shares issued to those Selling Shareholders, who will be Related Persons of Brigade, within the meaning of the applicable policies of the Canadian Securities Exchange (the "CSE"), will be subject to escrow restrictions in accordance with applicable CSE policies and released over three years as to 10% on closing and an additional 15% every six months over 36 months.

The completion of the Transaction is subject to a number of conditions, including but not limited to, completion of satisfactory due diligence by both Brigade and G2BE, approval of the Transaction by the respective boards of directors and the Selling Shareholders, the closing of the Private Placement, Brigade making application to, and obtaining conditional approval from, the CSE for the initial listing of the common shares of the Resulting Issuer (as defined below) thereon concurrently with the closing of the Transaction, and applicable regulatory approvals, including the approval of the CSE. There can be no assurance that the Transaction will be completed as proposed or at all.

Prior to September 2016, Brigade was in the business of mineral exploration and development. Upon the closing of the Transaction, Brigade will continue the business of G2BE under the name "Green 2 Blue Energy Corp.", or such other name as is acceptable to the British Columbia

Registrar of Companies and the CSE (the "Resulting Issuer"). In the future it is expected that the business of the Resulting Issuer will also include the production and sale of heat and electricity from biomass gasification and power generation.
