### **Imagin Medical Rapidly Establishing Itself as a Medical Technology Company; Announces Board Change**

**Vancouver, B.C.**, March 1, 2016 – As earlier reported in Press Release dated February 10<sup>th</sup>, 2016, Expedition Mining Inc., a mineral exploration company, completed its merger with BSS Life Sciences and is now Imagin Medical Inc., a health care technology company. Imagin Medical (CSE: IME) (the “Company”) reports that it has accepted the resignation of Mr. Robert Lunde from the company’s Board of Directors.

Imagin Medical’s Board of Directors is grateful to Mr. Lunde for his years of service to Expedition Mining and will announce his replacement and other additions to the Imagin Medical team in the near future.

#### ***About Imagin Medical***

#### ***The Next Generation Ultrasensitive Imaging Solutions for Early Detection and Treatment of Cancer***

Imagin Medical Inc. is a medical imaging company positioned to radically improve the way physicians detect cancer through the use of endoscopes. The company’s initial target market is bladder cancer, a major cancer worldwide, the sixth most prevalent in the U.S., and the most costly to treat due to a greater than 50% recurrence rate. Developed by Dr. Stavros Demos from Lawrence Livermore National Laboratory, this advanced, ultrasensitive imaging technology is based upon improved optical designs and advanced light sensors, estimated to produce images five orders of magnitude (100,000 X) more sensitive than currently available technologies.
