## NEWS RELEASE

### **New Tech Lithium Corp. Issues Options**

**Vancouver, B.C., June 29, 2018:** New Tech Lithium Corp. (the “Company”) (NTM:CSE) has issued stock options that will be exercisable to acquire 3,040,000 common shares at 5 cents per share for a period of five years, vesting immediately, to various directors, officers and consultants.

**New Tech Minerals (NTM)** is a CSE-listed public company located in Vancouver, B.C. New Tech Minerals are focused on exploring for and developing modern battery-metals Lithium and Cobalt in the USA. NTM currently control a large Lithium + Bromine + Potassium brine project (~13,840 acres of Federal lithium claims and Utah and Colorado State Leases) in the Paradox Basin of Utah and Colorado. New Tech Minerals also control ~27,000 acres of Potash Permit Applications in the Paradox Basin of Utah. In addition to the 640-acre cobalt option agreement announced herein UTM has also recently completed another cobalt option agreement for US Federal cobalt exploration leases in Southeast Missouri. A detailed News Release announcing the Southeast Missouri cobalt acquisition is forthcoming.

*Neither the OTCQX nor the Canadian Securities Exchange nor its Regulation Services Provider (as that term is defined in the policies of the Canadian Securities Exchange) accepts responsibility for the adequacy or accuracy of this release.*

*Statements in this press release other than purely historical information, including statements relating to the Company’s future plans and objectives or expected results, are "Forward-Looking Statements" within the meaning of Section 21E of the United States Securities Exchange Act of 1934, as amended and Canadian securities laws. Forward Looking Statements are based on numerous assumptions and are subject to all of the risks and uncertainties inherent in the Company’s business, including risks inherent in resource exploration and development. As a result, actual results may vary materially from those described in the Forward Looking Statements.*

*Key assumptions upon which the Company’s forward-looking statements and information are based include: the price of potash will rise and not fall significantly; the Company’s ability to secure new financing to continue its exploration and development activities; there being no significant changes in the ability of the Company to comply with environmental, safety and other regulatory requirements; the Company’s ability to obtain regulatory approvals in a timely manner; and the Company’s ability to achieve its growth strategy. These assumptions should be considered carefully by readers. Readers are further cautioned that the foregoing list of assumptions is not exhaustive. Although the Company believes that the assumptions on which the forward-looking statements or information are made are reasonable, based on the information available to the Company on the date such statements were made, no assurances can be given as to whether these assumptions will prove to be correct.*
