MANAGEMENT INFORMATION CIRCULAR
(As at June 13, 2017, unless otherwise provided)

SOLICITATION OF PROXIES

This Management Information Circular is furnished in connection with the solicitation by the management of Ortho Regenerative Technologies Inc. (the "Corporation") of proxies for use at the Annual General Meeting of shareholders of the Corporation (the "Meeting") to be held in Kirkland, Quebec, on July 19, 2017 at 4:00 p.m. (Montreal time), at the place and for the purposes set forth in the Notice of Meeting accompanying this Management Information Circular and at any adjournment or adjournments thereof.

The solicitation of proxies will be primarily by mail. However, the directors, senior executives and regular employees of the Corporation may also solicit proxies by telephone, electronic means or in person, such persons receiving no compensation therefore. Banks, brokerage houses and other custodians, nominees or fiduciaries will be requested to forward the soliciting material to their principals and to obtain authorization for the execution of proxies. The cost of solicitation will be borne by the Corporation.

APPOINTMENT OF PROXIES

A shareholder has the right to appoint some other person (who need not be a shareholder of the Corporation) to represent him and to attend and act on his behalf at the Meeting, other than the individuals designated by management and named in the enclosed proxy form. In such event, the names of the individuals designated by management should be struck out and the name of the chosen nominee inserted in the blank space provided for therein.

In order to be valid for the Meeting or any adjournment thereof, the proxy forms must be deposited with the transfer agent of the Corporation, namely Computershare Investor Services, to the attention of its Proxy Department, in Toronto, not later than 5:00 p.m. (Toronto time) on July 17, 2017. Any question regarding proxies may be addressed to Computershare Investor Services Inc. by telephone at 1-800-564-6253, Shareholder Services, by fax at 1-866-249-7775 or by e-mail at service@computershare.com.

REVOCATION OF PROXIES

A shareholder may revoke a proxy:

- (a) by depositing an instrument in writing executed by the shareholder or by an attorney authorized in writing,
 - (i) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or
 - (ii) with the chair of the Meeting on the day of the Meeting or an adjournment thereof; or
- (b) in any other manner permitted by law.

VOTING OF SHARES REPRESENTED BY PROXIES

On any ballot that may be called for, the shares represented by the proxies that are hereby solicited will be voted for or withheld from voting on, the matters identified in the form of proxy, in each case in accordance with the instructions of the shareholder. In the absence of any instructions in the form of proxy, it is the intention of the persons named in the accompanying form of proxy to vote the shares represented by proxies IN FAVOUR OF (i) the election of management's nominees as directors; (ii) the appointment of management's nominee as auditors; and (iii) the authorization of the directors to set the remuneration of the auditors. The accompanying form of proxy confers authority upon the persons named therein with respect to amendments to or variations of the matters set out in the Notice and with respect to other matters that may properly come before the Meeting.

NON-REGISTERED SHAREHOLDERS

Only registered shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, shares beneficially owned by a person (a "**Non-Registered Holder**") are registered either: (i) in the name of an intermediary (an "**Intermediary**") that the Non-Registered Holder deals with in respect of the common shares, such as securities dealers or brokers, banks, trust companies, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs, TFSA's and similar plans; or (ii) in the name of a clearing agency of which the Intermediary is a participant. In accordance with National Instrument 54-101 of the Canadian Securities Administrators, entitled "Communication with Beneficial Owners of Securities of a Reporting Issuer", the Corporation has distributed copies of the Notice of Meeting and this Management Information Circular (collectively, the "**Meeting Materials**") to the clearing agencies and Intermediaries for distribution to Non-Registered Holders. Intermediaries are required to forward the Meeting Materials to Non-Registered Holders, and often use a service company for this purpose.

Non-Registered Holders will typically be provided with a computerized form (often called a "voting instruction form") which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. In order for the applicable computerized form to validly constitute a voting instruction form, the Non-Registered Holder must properly complete and sign the form and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or service company. In certain cases, the Non-Registered Holder may provide such voting instructions to the Intermediary or its service company through the Internet or through a toll-free telephone number. The purpose of this procedure is to permit Non-Registered Holders to direct the voting of the common shares which they beneficially own.

Should a Non-Registered Holder who receives a voting instruction form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should print his or her own name, or that of such other person, on the voting instruction form and return it to the Intermediary or its service company. **Should a Non-Registered Holder who receives a proxy form wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons set out in the proxy form and insert the name of the Non-Registered Holder or such other person in the blank space provided and submit it to Computershare Investor Services Inc. at the address set out above.** A Non-Registered Holder may revoke voting instructions which have been given to an Intermediary at any time by written notice to the Intermediary.

In all cases, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when, where and by what means the voting instruction form must be delivered.

RECORD DATE

Shareholders registered as at June 14, 2017 (the "**Record Date**"), are entitled to attend and vote at the Meeting. Shareholders who wish to be represented by proxy at the Meeting must, to entitle the person appointed by the proxy to attend in vote, deliver their proxies at the place and within the time set forth in the Meeting Materials.

Compensation Discussion and Analysis

The Corporation's compensation policies and programs are designed to recognize and reward executive performance consistent with the success of the Corporation's business. These policies and programs are intended to attract and retain capable and experienced people. The Board's role and philosophy will be to ensure that the Corporation's compensation goals and objectives, as applied to the actual compensation paid to the Corporation's CEO and other executive officers, are aligned with the Corporation's overall business objectives and with shareholder interests.

The Board considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Corporation and its shareholders, overall financial and operating performance of the Corporation and the Board's assessment of each executive's individual performance and contribution toward meeting corporate objectives.

The Board assumes responsibility for reviewing and monitoring the long-range compensation strategy for the senior management of the Corporation. The Board will determine the type and amount of compensation for the executive officers. The Board also reviews the compensation of the Corporation's senior executives and reviews the strategic objectives of the Corporation's share option plan and sets stock based compensation, and considers any other matters which in its judgment should be taken into account in reaching conclusions concerning the compensation levels of the Corporation's executive officers.

The compensation program for the Corporation's senior management will be designed to ensure that the level and form of compensation achieves certain objectives, including:

- a) attracting and retaining talented, qualified and effective executives;
- b) motivating the short and long-term performance of these executives; and
- c) better aligning their interests with those of the Corporation's shareholders.

Elements of Executive Compensation

The compensation paid to Named Executive Officers is comprised of three main components: base salary, annual incentives (bonuses) and long-term incentives, in the form of stock options granted pursuant to the Stock Option Plan. The following discussion describes the components of compensation and discusses how each component relates to the Corporation's overall executive compensation objective. The Corporation believes that:

- o base salaries provide an immediate cash incentive for the Corporation's Named Executive Officers and should be at levels competitive with peer companies that compete with the Corporation for business opportunities and executive talent; and
- o stock options ensure that the Named Executive Officers are motivated to achieve long-term growth of the Corporation and increases in shareholder value, and provide capital accumulation linked directly to the Corporation's performance.

The Corporation places equal emphasis on base salary and stock options as short-term and long-term incentives, respectively.

Base Salaries

The Named Executive Officers receive a base salary which is based primarily on the level of responsibility of the position, the qualifications and experience of the officer and market conditions.

The base salaries of the Named Executive Officers are reviewed annually to ensure that they take into account the following factors: market and economic conditions, levels of responsibility and accountability of each Named Executive Officer, skill and competencies of each individual, retention considerations, and level of demonstrated performance.

Base salaries, including that of the Chief Executive Officer and of the Chief Financial Officer, are reviewed by the Compensation Committee on the basis of its opinion as to a fair and responsible compensation package, taking into account the contribution of the Chief Executive Officer to the Corporation's long-term growth and the knowledge of the members of the Compensation Committee with respect to remuneration practices in Canada.

Option-Based Awards

The Corporation has a Share Option Plan in place which was established to provide incentive to qualified parties to increase their proprietary interest in the Corporation and thereby encourage their continuing association with the Corporation. The Board expects that management will propose share option grants based on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the Board. The share option plan will be administered by the Board and provides that options will be issued to directors, officers, employees or consultants of the Corporation or a subsidiary of the Corporation. See "Options to Purchase Securities" for further information on the Corporation's Share Option Plan.

Compensation of Directors

No compensation is currently being paid to our directors. Each director is entitled to participate in any security-based compensation arrangement or other plan adopted by us from time to time with the approval of our Board. The directors will be reimbursed for expenses incurred on our behalf. See "Options to Purchase Securities – Share Option Plan" for further details on the Share Option Plan. No additional fees, including meeting fees, will be paid to directors. Director compensation will be subject to review by the Board and possible change on an annual basis. The Board will consider the Corporation's financial situation, industry standards and practices of comparable issuers.

Employment Contracts and Termination of Employment, Changes in Responsibility

There are currently no employment contracts or arrangements with any of our directors, in connection with their position as directors, pursuant to which a payment or other benefit is to be made or given by way of compensation in the event of that director's resignation, retirement or other termination of office. There are currently no other employment contracts.

The Board of Directors is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

The Board has determined that Laurence Rulleau is "independent". There are four "non-independent" directors, namely Steven Saviuk, previously Executive Chairman and Chief Executive Officer of the Corporation, Dr. Brent Norton, the current Executive Chairman and acting Chief Executive Officer of the Corporation, Michael Buschmann, Chief Scientific Officer and Caroline Hoemann.

The Board has the right and may meet in the absence of the CEO, if a conflict of interest arises or where otherwise appropriate.

The Board will permit individual directors, under appropriate circumstances, to engage external advisors and consultants at the Corporation's expense.

Orientation and Continuing Education

The Board is responsible for overseeing the orientation and the education of new directors and continuing education for existing Board members. New directors meet with the Corporation's CEO to discuss the Corporation's expectations of its directors and to discuss the Corporation's business and strategic plans.

Ethical Business Conduct

The Board assumes stewardship responsibilities with a view to enhancing shareholder value. The Board will be responsible for monitoring the Corporation's strategic goals and objectives and to review and approve management's strategic and operational plans to ensure that they are consistent with the identified strategic goals and objectives.

Directors shall disclose all actual or potential conflicts of interest and refrain from voting on matters in which the Director has a conflict of interest.

Nomination of Directors

Due to its relatively small size, the Board as a whole assumes the responsibility of, and determines the process for, proposing new nominees to the Board and assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual directors. The Board has determined that its independence is not compromised by having the Board, as a whole, deal with these issues. The Corporation has adopted a majority voting policy for directors that are presented as candidates at the annual shareholders meeting.

Compensation

The Board reviews the adequacy and form of compensation of the directors to ensure that the compensation reflects the responsibilities and risks involved in being an effective director.

Board Committees

The Board has one committee: the Audit Committee. The Audit Committee is composed of Directors. The role and responsibilities of the Audit Committee are set out in a formal written Charter.

Assessment of Directors

The Board assesses, on an annual basis, its contribution as a whole, and that of any committees of the Board and each of the directors, in order to determine whether each is functioning effectively.

Other Board Committees

Other than as disclosed herein, there are no committees of the Board of Directors as of the date of this Management Information Circular.

Assessments

Neither the Company nor the Board of Directors has developed a formal review system to assess the performance of the directors or the Board of Directors as a whole. The contributions of individual directors are monitored by other members of the Board of Directors on an informal basis through observation.

SHAREHOLDER PROPOSALS

The *Canada Business Corporations Act* provides, in effect, that a registered holder or Beneficial Shareholder of shares that is entitled to vote at an annual meeting of the Corporation may submit to the Corporation notice of any matter that the

person proposes to raise at the meeting (referred to as a "**Proposal**") and discuss at the Meeting any matter in respect of which the person would have been entitled to submit a Proposal. The *Canada Business Corporations Act* further provides, in effect, that the Corporation must set out the Proposal in its management proxy circular along with, if so requested by the person who makes the Proposal, a statement in support of the Proposal by such person. However, the Corporation will not be required to set out the Proposal in its management proxy circular or include a supporting statement if among other things, the Proposal is not submitted to the Corporation at least 90 days before the anniversary date of the notice of meeting that was sent to the shareholders in connection with the previous annual meeting of shareholders of the Corporation.

The foregoing is a summary only; shareholders should carefully review the provisions of the Canada Business Corporations Act relating to Proposals and consult with a legal advisor.
