### 1. NATURE AND CONTINUANCE OF OPERATIONS

Quadron Capital Corporation (the “Company” or “Quadron”) was incorporated under the British Columbia Business Corporations Act on November 7, 2011 and became a reporting issuer in British Columbia and Alberta on July 25, 2012. On December 4, 2014 the Company, formerly known as DePaul Capital Corporation, changed its name to Quadron Capital Corporation. The Company's head office is located at Suite 1600, 609 Granville Street, Vancouver, British Columbia, V7Y 1C3, and its registered and records office is located at Suite 885 W Georgia St #2200, Vancouver, BC V6C 3E8. The Company's shares are not publicly traded.

On August 1, 2014 the Company split its common shares on the basis of 3.4 new shares for each old share. All share, and per share amounts have been retroactively restated to reflect the share split.

On May 7, 2015 the Company entered into a letter of intent (“LOI”) with Soma Labs Scientific Inc. (“Soma Labs”), an arm's length private company incorporated under the laws of British Columbia, whereby the Company will acquire all of the issued and outstanding securities of Soma Labs by way of a three-party amalgamation (the “Acquisition”).

Soma Labs is a BC based laboratory and research facility established to provide services to the biotech and bioceutical industries, including analytical and laboratory services, organic compound extractions, distillations, purification, formulation and process development.

The acquisition of Soma Labs is part of the Company's strategy to concentrate on revenue generation and capitalize on the burgeoning opportunity in the legal cannabis industry.

On closing of the Acquisition, security holders of Soma Labs will receive 9,700,000 common shares and 2,000,000 preferred shares of the Company in exchange for all of their common and preferred shares of Soma Labs. Subject to Soma Labs achieving \$1,000,000 in earnings before interest, taxes, depreciation and amortization for the 2016 fiscal year, the preferred shares will automatically convert into one common share of the Company. The Acquisition is expected to constitute a reverse-takeover under applicable securities laws.

In connection with the proposed Acquisition, the Company and Soma Labs intend to complete a series of private placement financings for \$2 million at \$0.10 per unit. Each unit will be comprised of one common share and one-half of one share purchase warrant. Each whole warrant will entitle the holder to purchase one additional common share at a price of \$0.20 per share for 24 months from the date of issuance.

There is no assurance that the Company will complete a transaction or identify an appropriate business for acquisition or investment, and even if so identified and warranted, it may not be able to finance such an acquisition or investment. Additional funds may be required to enable the Company to pursue such an initiative and the Company may be unable to obtain such financing on terms which are satisfactory to it, particularly in the current economic environment. Furthermore, there is no assurance that any future business will be profitable. These factors cast significant doubt as to the Company's ability to continue as a going concern.
