**THC.CSE**

**THCBF - OTC**

**TFHC.F**

Vancouver, B.C. – (July 11, 2018) THC BioMed Intl Ltd. ("THC" or the "Company") (CSE:THC) announces that it has been selected by the province to supply British Columbians with adult-use cannabis. THC has entered into an agreement through its wholly-owned subsidiary, THC BioMed Ltd. to supply non-medical cannabis to the B.C. Liquor Distribution Branch following legalization.

THC is very proud to be given this opportunity to have its products available for sale in British Columbia, beginning October 17, 2018.

In the supply agreement, B.C. agrees to purchase approximately 2,390,200 grams of cannabis from THC in the first 12 months of legalization at the prices set by the province. The cannabis will be in 19 different products and in the form of dried flower, pre-rolled and oil.

"This supply agreement cements our entry into the adult-use recreational market. For THC it brings a fundamental change as we now begin to exhibit our true strengths, allowing the business to grow organically," said John Miller, President and CEO of THC, "We look forward to providing adult Canadians with an exceptional product."

**About THC**

THC is an ACMPR Licensed Producer and Canada's largest supplier of legal Cannabis Genetics. THC also produces and sells dried and fresh marijuana and cannabis oil for medical purposes. THC is on the leading edge of scientific research and the development of products and services related to the medical cannabis industry. Management believes THC is well-positioned to be in the forefront of this rapidly growing industry.
