

CAPTIVA VERDE INDUSTRIES LTD.

INFORMATION CIRCULAR

as at May 5, 2015

(except as otherwise indicated)

This Information Circular is furnished in connection with the solicitation of proxies by the management of Captiva Verde Industries Ltd. (the “Company”) for use at the annual general meeting (the “Meeting”) of its shareholders to be held on June 16, 2015 at the time and place and for the purposes set forth in the accompanying notice of the Meeting.

In this Information Circular, references to the “Company”, “we” and “our” refer to Captiva Verde Industries Ltd. “Common Shares” means common shares without par value in the capital of the Company. “Beneficial Shareholders” means shareholders who do not hold Common Shares in their own name and “intermediaries” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail but proxies may be solicited personally, or by telephone, by directors, officers, and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “Proxy”) are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the management appointee acting as a proxyholder will vote in favour of each matter identified on the Proxy and, if applicable, for the nominees of management for directors and auditors as identified in the Proxy.

Registered Shareholders

Registered shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. A registered shareholder may submit a proxy using one of the following methods:

- (a) complete, date and sign the Proxy and return it to the Company's transfer agent, Computershare Trust Company of Canada ("Computershare"), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail or hand delivery to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1; or
- (b) use a touch-tone phone to transmit voting choices to the toll free number given in the proxy. Registered shareholders who choose this option must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll free number, the holder's account number and the proxy access number; or
- (c) log on to Computershare's website at, www.investorvote.com. Registered shareholders must follow the instructions provided on the website and refer to the enclosed proxy form for the holder's account number and the proxy access number.

In either case you must ensure the proxy is received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting or the adjournment thereof. Failure to complete or deposit a proxy properly may result in its invalidation. The time limit for the deposit of proxies may be waived by the Company's board of directors ("Board") at its discretion without notice.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in the shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the names of intermediaries. In Canada the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders: Objecting Beneficial Owners ("OBOs") object to their name being made known to the issuers of securities which they own; and Non-Objecting Beneficial Owners ("NOBOs") who do not object to the issuers of the securities they own knowing who they are.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

The proxy form supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to

vote your Common Shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“Broadridge”) in Canada and in the United States. Broadridge mails a VIF in lieu of the proxy provided by the Company. The VIF will name the same persons as the Company’s Proxy to represent your Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), who is different from any of the persons designated in the VIF, to represent your Common Shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative, which may be you, in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge in accordance with Broadridge’s instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting and the appointment of any shareholder’s representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your Common Shares voted or to have an alternate representative duly appointed to attend the Meeting and vote your Common Shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the United States *Securities Exchange Act* of 1934, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company was continued under the *Business Corporations Act* (British Columbia), as amended, certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it using one of the following methods:

- (a) execute a proxy bearing a later date or execute a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder’s authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare or at the address of the registered office of the Company at 1055 West Georgia Street, Suite 1500, PO Box 11117, Vancouver, British Columbia, V6E 4N7, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law; or
- (b) attend the Meeting in person and vote the registered shareholder’s Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

No director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors and as may be set out herein.

National Instrument 52-110 "Audit Committees" ("NI 52-110") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor. Further, under TSX-V policy, the Company must have an audit committee comprised of at least three directors, the majority of whom are not officers, employees or control persons of the Company. Such disclosure is set forth below.

The Audit Committee's Charter

The Audit Committee has a charter. A copy of the audit committee charter is attached to the Company's information circular dated January 21, 2013 and filed on SEDAR on February 25, 2013.

Composition of the Audit Committee

The members of the Audit Committee are Ross O. Drysdale, Ian F.T. Kennedy and Mike Boyd. Ian F.T. Kennedy is an independent director. Ross O. complexity of issues that can reasonably be expected to be raised by the Company's financial statements; and

Audit Committee Oversight

The Audit Committee has not made any recommendations to the Board to nominate or compensate any auditor other than MNP LLP.

Reliance on Certain Exemptions

The Company's auditor, MNP LLP has not provided any material non-audit services.

Pre-Approval Policies and Procedures

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services.

External Auditor Service Fees

On September 5, 2014, the Company changed its financial year end from September 30th to December 31st. To facilitate the change of year-end, the Company reported a one time, 15 month transition year covering the period of October 1, 2013 to December 31, 2014.

The Audit Committee has reviewed the nature and amount of the non-audited services provided by MNP LLP to the Company to ensure auditor independence. Fees incurred with MNP LLP for audit and non-audit services in the last two fiscal years for audit fees are outlined in the following table:

Nature of Services	Fees Paid to Auditor in Year Ended December 31, 2014	Fees Paid to Auditor in Year Ended September 31, 2013
Audit Fees ⁽¹⁾	\$30,000	\$30,000

Tax planning and tax advice includes assistance with tax audits and appeals, tax advice related to mergers and acquisitions, and requests for rulings or technical advice from tax authorities.

The Company is relying upon the exemption in section 6.1 of NI 52-110 in respect of the composition of its audit committee and in respect of its reporting obligations under NI 52-110 for the year ended December 31, 2014. This exemption exempts a “venture issuer” from the requirement to have 100% of the members of its audit committee independent, as would otherwise be required by NI 52-110.

CORPORATE GOVERNANCE

General

Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and are accountable to the shareholders of the company. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board is committed to sound corporate governance practices, as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

Board of Directors

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A “material relationship” is a relationship which could, in the view of the Company’s Board of Directors, be reasonably expected to interfere with the exercise of a director’s independent judgment.

The Board facilitates its independent supervision over management by holding regular meetings at which members of management or non-independent directors are not in attendance and by retaining independent consultants where it deems necessary.

The independent members of the Board are Ian F.T. Kennedy and Mike Boyd.

The non-independent directors are Jeff Ciachurski as he is the President and Chief Executive Officer of the Company and Ross O. Drysdale as he provides legal services to the Company.

Directorships

The directors are currently serving on boards of the following other reporting companies (or equivalent) as set out below:

Name of Director	Name of Reporting Issuer	Exchange Listed
Ross O. Drysdale	Anterra Energy Inc.	TSX-V
	West High Yield (W.H.Y.) Resources Ltd.	TSX-V
Jeff Ciachurski	Greenbriar Capital Corp.	TSX-V
Mike Boyd	Greenbriar Capital Corp.	TSX-V
Ian F.T. Kennedy	West High Yield (W.H.Y.) Resources Ltd.	TSX-V

Orientation and Continuing Education

The Company does not have a formal orientation and continuing education program. However, the Company ensures that new board members are properly trained and oriented, as part of the Board of Directors' overall stewardship responsibility. The role of the directors is to oversee the conduct of the Company's business and to direct and supervise management in the day-to-day conduct of the business. The directors discharge the following responsibilities as part of their overall stewardship responsibility:

- a) Adoption of a strategic planning process;
- b) The identification of the principal risks of the Company's business and the employment of appropriate systems to manage the risks;
- c) Succession planning, including appointing, training and monitoring senior management;
- d) Oversee the Company's public communications policies and their implementation, including disclosure of material information, investor relations and shareholder communications; and
- e) Monitor and assess the scope, implementation and integrity of the Company's internal information, audit and control systems.

Ethical Business Conduct

The directors encourage and promote a culture of ethical business conduct through communication and supervision as part of their overall stewardship responsibility. In addition, the Company has a Whistleblower Policy which addresses the Company's continuing commitment to integrity and ethical behaviour. The Whistleblower Policy establishes procedures that allow employees of the Company to confidentially and anonymously submit their concerns to the Chair of the Audit Committee of the Company's Board of Directors regarding questionable ethical, moral, accounting, internal accounting controls, or auditing matters, without fear of retaliation. The Whistleblower Policy has been in place since September 2005 and is available for review at the head office of the Company during business hours.

Nomination of Directors

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, if there is a change in the number of directors required by the Company, this policy will be reviewed.

Compensation

The Company currently has a Compensation and Governance Committee which is responsible for setting compensation paid to directors and executive officers, establishing and reviewing incentive plans for the directors, officers and employees and providing guidance to the Company on corporate governance matters. The Compensation and Governance Committee is composed of three directors, two of whom are independent directors as defined in NI 52-110. The current members are Mike Boyd (Chairman), Ross O. Drysdale, and Ian F.T. Kennedy. Ross O. Drysdale provides legal services to the Company and is

therefore not considered to be independent. The process of determining compensation for directors and officers includes reviewing and approving appropriate practices for determining and establishing compensation for the directors of the Company to ensure it reflects the responsibilities and risks of being a director of a public company. The Compensation and Governance Committee's mandate includes developing appropriate compensation policies for the senior management and directors of the Company, including the Company's incentive stock option plan, and evaluating senior management. These responsibilities include reporting and making recommendations to the Board of Directors for its consideration and approval. The Compensation Committee meets at least annually to fulfil its mandate.

Other Board Committees

The Board of Directors has formally appointed two (2) committees, the Audit and Reserves Committee and the Compensation and Governance Committee. The Board of Directors does not have any other committees in place at this time. The Board of Directors had developed the mandate of each committee and reviews such mandates annually. The Board of Directors reviews the recommendations of all its committees, and decides on whether and how to implement such recommendations.

Assessment of Directors, the Board of Directors and Board Committees

The Directors conduct an annual evaluation of the performance and effectiveness of each board member and of the board and each of its committees as a whole.

STATEMENT OF EXECUTIVE COMPENSATION

Named Executive Officer

In this section "Named Executive Officer" (an "NEO") means the Chief Executive Officer (the "CEO"), the Chief Financial Officer (the "CFO") and each of the three most highly compensated executive officers, other than the CEO and CFO, who were serving as executive officers at the end of the most recently completed financial year and whose total compensation was more than \$150,000 as well as any additional individuals for whom disclosure would have been provided except that the individual was not serving as an executive officer of the Company at the end of the most recently completed financial year.

Jeff Ciachurski, President and Chief Executive Officer, Chris Thompson, Chief Financial Officer, Brian McCabe, former Chief Financial Officer and Donald W. Wood, former President and Chief Executive Officer, are each an NEO of the Company for the purposes of the following disclosure.

Compensation Discussion and Analysis

In assessing the compensation of its executive officers, the Company does not have in place any formal objectives, criteria or analysis; instead, it relies mainly on discussions between the Compensation and Governance Committee (the "Compensation Committee") and the Board of Directors. The Compensation Committee is currently comprised of Mike Boyd, Chairman, Ross O. Drysdale, and Ian F.T. Kennedy, two of whom are independent directors of the Company. Ross O. Drysdale provides legal services to the Company and is therefore not considered to be independent. The Compensation Committee reviews all proposed agreements between executives and the Company and provides recommendations to the Board of Directors. Members of the Compensation Committee are not eligible to participate in any of the Company's executive compensation and benefit programs other than the Company's Option Plan. All of the members of the Compensation Committee are eligible to receive stock options and all currently hold

stock options under the Company's Option Plan. The Compensation Committee determines the total compensation of the President and the other executive officers of the Company.

Meetings of the Compensation Committee are held periodically to review compensation policies and to consider the overall compensation to be paid by the Company to its employees, executive officers and directors. Following review of data and discussion by members of the Compensation Committee, recommendations are made to the Board of Directors. In all cases, the directors have acted upon committee recommendations without modification in any material way.

Jeff Ciachurski as Chairman and Chief Executive Officer of the Company, provides the Compensation Committee compensation recommendations for each of the executives and employees, other than himself on an annual basis. In making compensation recommendations, Mr. Ciachurski considers each executive's performance and other relevant factors, including the scope of each executive's position and responsibilities, the achievement of corporate goals, the current business environment and anticipated changes and executive retention and recruitment considerations. Mr. Ciachurski regularly attends meetings of the Compensation Committee but is not a member of the Compensation Committee and does not vote on Compensation Committee matters. Mr. Ciachurski is not present for certain portions of the Compensation Committee meetings, such as when the Compensation Committee holds executive sessions or discusses the performance or individual compensation of Mr. Ciachurski.

The Company's executive compensation program has three principal components: base salary, incentive bonus plan and stock options.

Philosophy and Objectives

The Company is a small agricultural company with limited resources. The compensation program for the senior management of the Company is designed within this context with a view that the level and form of compensation achieves certain objectives, including:

- (a) attracting and retaining qualified executives;
- (b) motivating the short and long-term performance of these executives; and
- (c) better aligning their interests with those of the Company's shareholders.

In compensating its senior management, the Company has employed a combination of base salary and equity participation through its stock option plan. Recommendations for senior management compensation are presented to the Board of Directors for review.

Base Compensation

The base compensation (includes both salary and consulting fees) element is designed to establish a target compensation level of fixed income based on the market value of each position. Additionally, the base compensation is the metric upon which bonus and severance compensation is based. In establishing base compensation, the Compensation Committee reviews general market salary levels for individuals in positions with similar responsibilities and experience. Generally, the Compensation Committee targets base compensation at levels approximating those holding similar positions in comparably sized companies in the industry and hopes to achieve targeted total compensation levels through the fixed and variable components. Comparable companies are chosen based on their being in the industry and having a comparable asset base and/or revenues in a particular financial year. Comparable positions are identified based on publicly available information on such companies. They Compensation Committee reviews base

compensation annually and makes adjustments as reasonably necessary to allow base compensation to continue to serve its purposes as a retention device and as building block for other cash compensation.

Bonus Incentive Compensation

Incentive bonuses, in the form of cash payments, are designed to add a variable component of compensation based on corporate and individual performance for executive officers. The bonus plan is designed to provide an incentive to the Named Executive Officers to achieve and exceed goals relating to overall corporate and individual performance. The Compensation Committee reviews and approves incentive bonuses annually.

Equity Participation

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the Company's stock option plan. Stock options are granted to executives, consultants and employees taking into account a number of factors, including the amount and term of options previously granted, base compensation and bonuses and competitive factors. The amounts and terms of options granted are determined by the Board based on recommendations put forward by the CEO. Due to the Company's limited financial resources, the Company emphasises the provisions of option grants to maintain executive motivation.

Actions, Decisions or Policies Made After December 31, 2014

Given the evolving nature of the Company's business, the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

Option-Based Awards

The Company has a stock option plan in place, which was established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. Management proposes stock option grants to the board of directors based on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the board of directors. The stock option plan is administered by the directors of the Company and provides that options will be issued to directors, officers, employees or consultants of the Company or a subsidiary of the Company.
