CAPTIVA VERDE OBTAINS USDA ORGANIC CERTIFICATION FOR IMPERIAL VALLEY

CALGARY, ALBERTA – November 16th, 2015 Captiva Verde Industries Ltd. (“**Captiva Verde**” or the “**Company**”) is pleased to announce that the Company received full organic certification for its Imperial Valley operations under the USDA National Organic Program (“NOP”).

This new organic certification allows Captiva to use the highly coveted USDA organic label in the US as well as in the following jurisdictions around the world: Canada, Japan-US MAFF Agreement, USDA/COA Taiwan Export Arrangement, and European - NOP equivalence.

The certification covers the following organic crops: Spinach, Romaine, Leaf Lettuce, Kale (red and green) Head Lettuce, Cauliflower, Cabbage, Broccoli, and Spring Mix (Chard, Green Oak, Lolla Rosa, Mizuna, Tango, and Wild Arugula). The new certification now covers both our main Arizona project of 675.3 acres and the Imperial Valley operations of 902 acres to total 1,577.3 organic farm acres. This is a very major and significant milestone that caps an intense 12-month process involving long hours from senior management, outside consultants and numerous inspections and field visits.
