

Company Name & Description	Listing Date
<p>Abattis Bioceuticals Corp. (CSE:ATT; OTC:ATTBF) is a specialty biotechnology company with capabilities through its wholly owned subsidiaries of cultivating, licensing and marketing proprietary ingredients, bio-similar compounds, patented equipment and consulting services to medicinal markets in North America. The Company is positioned to capitalize on the fast growing trend toward marijuana legalization in the United States and for medicinal use in Canada and international jurisdictions, by supplying and partnering with companies to employ its mass cultivation systems, extraction equipment/technology, and strategic marketing support to licensed growers. The Company also has an extensive pipeline of high-quality products and intellectual property for the rapidly expanding botanical drug market. We follow strict standard operating protocols, and adhere to the applicable laws of Canada and foreign jurisdictions.</p>	12-23-2010
<p>Affinor Growers Inc. (CSE:AFI; OTC:RSSFF) is focused on the design, development and commercialization of vertical farming technology for both indoor and outdoor (greenhouse) applications. The team is currently working on demand crops such as romaine lettuce and strawberries by developing processes, methods and models to cultivate true perpetual crops at competitive pricing. It is the mission of Affinor to be the world-wide technology and market leader in creating and commercializing the most economical vertical farming technologies that use the least possible resources (eg. land, water, and energy resources) to produce the highest quality pesticide-free produce year-round, regardless of environmental conditions. Affinor's patent technology and licensed patent pending technology positions the Company well in the vertical farming industry. It is the only vertically integrated technology that can offer patented inline automated pollination for fruiting crops. Affinor can offer software driven growing solutions automating high quality, scientifically engineered products and process.</p>	10-09-2012
<p>Alliance Growers Corp. (CSE:ACG) is a diversified cannabis company driven by the Company's 'Four Pillars' Organization Plan- MMPR cannabis production facilities, distribution network, consumer products and research and development. For further information please visit the Company's corporate website at www.alliancegrowers.com</p>	06-22-2015
<p>Alternate Health Corp. (CSE:AHG; OTC:ATEHF) is an international, vertically-integrated medical cannabis company. It has established multiple arms-length operations within the medical cannabis industry, each of which drives consumers, data and strategic opportunities to the company's other verticals. This sophisticated cross-integration of the company's enterprises has positioned Alternate Health as one of the only cannabis companies that delivers consistent revenue and intellectual property without growing, manufacturing or distributing the cannabis plant. Through its software solutions, data analytics, and patented delivery systems, Alternate Health's goal is to be the global authority on scientific and clinical support for cannabis in regulated markets. Alternate Health is well positioned to reinvest internal operating cash flow in its platform over the long term, creating an attractive investment profile for its shareholders. Alternate Health is differentiated from other cannabis companies by its focus on ancillary services for patients, healthcare professionals and regulatory providers rather than selling a commodity. For more information about Alternate Health Corp., visit www.alternatehealth.ca.</p>	01-19-2017
<p>AREV Nutrition Sciences Inc. (CSE:AREV) owns an innovative line of emulsified 100% coconut derived MCT oil combined with Whey Protein to serve as base ingredients.
