- Four (4) psychedelics industry professionals will join the TripSitter.Clinic team, including Dr. Mark Braunstein, world renowned ketamine and cannabis psychiatrist.
- TripSitter.Clinic's current patient services will be updated & new offerings added
- TripSitter.Clinic's technology platform will be enhanced with new native iOS and Android apps to provide improved patient & practitioner experiences

TORONTO, CANADA March 22, 2022 /CNW/ - TripSitter Clinic Ltd. (CSE: KETA) (FSE: UY0) ("TripSitter" or the "**Company**"), a telehealth clinic enabling physician-directed treatment plans of safe and legal evidence-based psychedelic medicine, has been joined in medical, clinical, and administrative operations by Insight Systems, PBC dba Reconscious Medical. Reconscious Medical is a psychedelic psychotherapy company engaging in both in-clinic and online virtual care with safety, monitoring, and support provided through a proprietary technology platform. Reconscious Medical's primary focus and service to date has been combining psychedelic treatment with psychotherapy in both high and low doses of ketamine.

### Highlights of what Reconscious Medical brings to TripSitter.Clinic:

- **Expertise:** 4 industry professionals from Reconscious Medical will join the TripSitter.Clinic team, adding a wealth of experience to medical, clinical, operational, and administrative expertise.
- **Improvement to current offerings:** Current treatment offerings will be updated beginning April 1, 2022 providing an enhanced experience for all patients. Newly-trained psychedelic treatment "sitters" along with specially-trained psychedelic integration specialists will be added to support patients before and after treatment sessions.
- **Updated technology platform.** Our online platform will be updated by May 1, 2022 to include native mobile smartphone apps on both the Android and iOS platforms to improve patient and practitioner experiences and integrate with screening and monitoring procedures for safer and more scalable services.
- **New offerings:** Additional services will be rolled out Summer 2022, including virtual, ketamine-enhanced integration coaching with trained specialists.

TripSitter.Clinic CEO, Dr. John Huber, commented, "We're excited by both the prospective benefits for our patients as well as the competitive advantages we'll gain by bringing Reconscious Medical into our family at TripSitter.Clinic. This will enable us to expand TripSitter.Clinic quickly but to grow with the most professional and experienced team possible. This strategic addition will also protect our patients' safety while facilitating the deepest level of healing possible."

Mark Braunstein, CEO of Reconscious Medical, commented: "Very excited to join TripSitter.Clinic. It has long been my dream to safely and efficaciously expand access to psychedelic medicine globally. Together, through the TripSitter.Clinic platform, we will be able to do this, raising the bar and setting industry-wide standards for the implementation of at-home psychedelic treatment. First with ketamine, next with MDMA, and psilocin to soon follow."

## **ABOUT TRIPSITTER CLINIC LTD.**

TripSitter, through its wholly-owned subsidiary TripSitter Clinic Corp, is at the forefront of two emerging sectors: telehealth and psychedelic medicine. The Company's consultative virtual clinic, TripSitter.Clinic, is an internationally-recognized SaaS platform that provides care, monitoring, and coaching while connecting patients with licensed physicians in the United States who can evaluate for a prescribed psychedelic treatment program of therapeutic low-dose ketamine medication. TripSitter is not a primary care physician (PCP). TripSitter.Clinic requires prospective patients to provide a diagnosis from their PCP along with other health information to their chosen TripSitter physician during the initial intake process. When a patient is approved for treatment by their physician, TripSitter.Clinic connects the patient with experts who also use the platform to consult and coordinate with the patient and their physician.
