VPN to spin out digital assets, focus on core industry

Vancouver, British Columbia, Canada – May 13, 2020 – VPN Technologies Inc. (CSE: VPN, OTCQB: SRBBF, Frankfurt: 6GQ) (“VPN Tech” or “the Company”) announces that it will spin out its other digital assets as the Company shifts its focus exclusively on corporate development within the Virtual Private Network (VPN) industry.

President & CEO, Paul Dickson, confirmed the strategy saying, “either spinning out or selling our other digital assets will help to keep our treasury healthy as we work toward our next VPN acquisition. The sale also confirms for our investors that the shift to creating a recurring revenue financial model in the VPN industry will be our primary corporate development strategy going forward. We are excited with the opportunities in front of us as we seek to reward our shareholders for their loyalty.”

Earnings for the VPN industry are forecasted to experience robust growth over the next five years. Big Market Magazine recently published a report predicting the VPN industry would grow from annual sales of \$26B in 2018 to more than \$70B in 2025. VPN Technologies is currently seeking to consolidate VPN businesses with over 100,000 users to complement our existing VPN platforms BladeVPN.com and GamerVPN.com.

About VPN Technologies Inc.

A virtual private network (VPN) provides online privacy and anonymity for users by creating a private network from a public internet connection. VPN Technologies Inc is a publicly traded company with a focus on rapid corporate growth within the VPN cyber security sector. The Company owns the BladeVPN and GamerVPN platforms and now seeks acquisitions to scale up operations and meet the increased worldwide demand with more people working at home due to the current world health pandemic.
